13/202. Open Session for members of the Parish to address the Parish Council:

Questions about the village car park were raised – what are the Parish Council doing with the car park and who approached who about the sale. Councillor Moore reported that it was initially a private conversation which took place between the resident and himself and this was then taken to the Parish Council. Discussions about its use as a car park and turning circle followed and Councillor Moore explained that at this time no decision has been made regarding the car park and the parish council are looking at options and what is best for the community.

It was questioned how parishioners would be told as to what is happening next with the car park. It was agreed that the parish council would communicate with residents in due course depending on the outcome of discussions later in the meeting. Information from the District Council and the parish council's solicitors do not show any restrictions on selling the land. The Chairman gave his word that should this be progressed it would not be done so without communicating with all residents of Park Lane.

A question was raised regarding two posts that have appeared in a field at the back of Stambourne Road – why the posts have appeared is unclear but if there was to be a change of use of the land this would need to be applied for.

The removal of the Holm Oak was commented on - the parish council took advice prior to its removal. The removal of the tree at the beginning of Ruggles Row was questioned – the parish council confirmed that they authorized the removal of the stump but not the removal of the tree. The current councillors were not aware of who or when the removal was authorized.

A parishioner questioned if the exact location of the time capsule was known to anyone but himself – no one was aware of the exact location, this information will be given to the parish clerk. It was reported that Mr Chinery of Camoise Close had looked after the Jubilee Oak following its planting ensuring its survival.
