2. Open Session for members of the Parish to address the Parish Council, including Village Plan update:

The chairperson from the Village Hall Committee asked if the parish council would financially help towards the cost of the halls 50th anniversary celebrations. Exacts costs are not yet known but the request was for help in the region of £400. The request will be discussed later in the meeting.

Mr Davison came to explain that there is no documented transfer of land where the allotments are, they are only there due to the good will of the farmer / landowner as it was a verbal swap of positioning. He explained the charities commission would not allow a change of ownership as the parish land raises funds for the church and the 'poor' of the village. Paul Thompson suggested that a sign needs to be erected to say 'At your own risk' as the allotments would not be covered by the parish council's insurance as they do not own them.

Paul Thompson stated that the Allotment Association has received a grant from Edible Essex for £1707.60 for a water connection, pipe laying down the footpath and 22 fruit trees to start a community orchard. 22 allotment plots have now been marked out. Essex County council have been contacted regarding the water connection and as it is in the verge no road closures would be needed but boards would need to be place over trenches to make the area safe whilst work is in progress and the area made good after. Mr Davison pointed out that the ownership of the footpath needs to be identified as it could belong to one of the adjoining properties – Paul Thompson will follow this up.

Village Plan update: - Questionnaire analysis has been received and is currently being interpreted by Warwick Network - report due on 12th October.
